

## The Depot

**Bowes St, MANCHESTER**

Completion :Summer 2020

Studio Henderson have been appointed the Interior Design within the communal spaces of Elmswood Park which includes 54 two and three-storey family homes and 204 one to three bedroom apartments, 72 of which will be retirement living apartments.

The retirement living development is planned with facilities to benefit the wider community as part of an integrated approach to the neighbourhood. The new homes have all been purpose designed to respect the quality of the late Victorian homes in the surrounding area, while also providing modern open plan interiors

The six-acre plot will also be landscaped to improve bio-diversity in the area and will include private gardens and tree lined streets that will run throughout the development. The retirement living development will also have access to a communal garden.
